## Corporate Golf Pass Policy Review

### **1. Reserved Tee Time – (No Shows)**

The reserved tee time privilege is an opportunity for you to secure a tee time so that you can plan your day's event and not be shut out of a tee time. Many times we have had tee times booked and no one shows for this time. As you can understand, this causes Armitage Golf Club possible loss of revenue when this happens.

We ask that you call to cancel your tee time within 24 hours so that we can schedule other golfers for that time. If you do not call to cancel your tee time, we will bill the company for the tee time reservation based on the current 18 - hole walking fee for the time slot reserved.

### **2. Non Designated Use of Privileges**

The Corporate Golf Pass privileges extend to the employees of the company and designated corporate guests of the company. Corporate guests of the company include clients that you do business with on a regular basis. Privileges do not extent to friends or relatives of employees.
